ABOUT ME

Dynamic Software Engineer with a robust background in software development and a growing interest in software architecture and cloud solutions. Experienced in all phases of the software development lifecycle, with a strong foundation in JavaScript/TypeScript, React, Angular, and Node.js. Proven ability in designing, coding, testing, and implementing software solutions that enhance business efficiency. Committed to continual learning and development in cutting-edge technologies to drive innovation and business success.

EXPERIENCE

Lead Software Engineer | Capgemini

📅 03 2023 – Current   📍 Frankfurt, Germany

- Leading the development of a web application within a team of 10 members.
- Performing technical code reviews to ensure quality and adherence to best practices.
- Facilitating knowledge transfer among team members, enhancing team capabilities.
- Conducting Angular training sessions for Capgemini colleagues, contributing to skill development within the organization.
- **Tech stack**: Angular, PrimeNg, Testcafe, Java, CI/CD pipelines, GIT, JIRA, Confluence, SonarQube

Software Engineer | DQS Holding GmbH

📅 04 2020 – 02 2023   📍 Bad-Vilbel, Germany

- Led and managed the full software development lifecycle (SDLC) of multiple projects, ensuring timely and efficient delivery.
- Collaborated closely with cross-functional teams to identify and resolve complex software issues, enhancing overall system performance.
- Designed and implemented user-friendly, aesthetically appealing websites, significantly improving user engagement and experience.
- Actively addressed and resolved queries from non-technical audiences, simplifying complex technical concepts for better understanding.
- Maintained and enhanced existing software systems using CI/CD best practices, resulting in improved reliability and faster release cycles.
- **Tech stack**: React, REST, GraphQL, ExpressJS, CI/CD pipelines, GIT, JIRA, Ant Design, SQL, MongoDB.

Frontend Developer (Working Student) | Empolis Intelligent Views GmbH

📅 09 2017 – 03 2020   📍 Darmstart, Germany

- Maintained and further developed the company's own CMS-System
- Assisted with maintenance and upkeep of front end applications.

- Evaluated new technologies, frameworks and libraries to support high-level products.
- **Tech stack**: NodeJS, RactiveJS , TypeScript, AngularJS, React, CSS, HTML, REST

Frontend Developer (Working Student) | Hottinger Brüel & Kjaer GmbH

📅 02 2016 – 08 2017   📍 Darmstart, Germany

- Collaborated in a dynamic team environment to develop a sophisticated web application for test monitoring and control, significantly improving the operational efficiency of the product testing team.
- Proactively engaged in problem-solving and debugging to maintain high software quality and reliability.
- Contributed to continuous improvement by suggesting and implementing enhancements to the application, resulting in improved user experience and performance.
- **Tech stack**: React, Redux, HTML, CSS, NodeJS, ExpressJS, SQL

EDUCATION

Master of Science - Computer Science | University of Applied Sciences Darmstadt

📅 09 2017 – 12 2020   📍 Darmstadt, Germany

Bachelor of Science - Computer Science | University of Applied Sciences Darmstadt

📅 09 2013 – 06 2017   📍 Darmstadt, Germany

CERTIFICATIONS

- Microsoft Certified: Azure Fundamentals certification
